TEN CENTS

Suit Threatened

Smith Firing Causes Furor

Randall County commissioners last week created a tempest when they voted to cut off the pay of Rhea Smith, Amarillo, for 21 years county veterans service officer.

The court agreed to begin paying Roy Price, Canyon grocerman, \$180 a month for acting as county service officer.

Roland Black, Smith's assistant, Monday submitted his resignation and the court immediately accepted it. Black, who is also Canyon Chamber of Commerce manager, asked that the resignation be effective as of Jan. 1.

Commissioners and County Judge Lloyd King say they have received many letters asking that Smith be replaced by Price

as service officer.

Several letters imploring the court to reconsider were read to commissioners by Judge King.

A letter from Smith complained that he was not given a chance to appear before the court before his salary of about \$180 a month was cut off. He noted that he has been Randall County veterans service officer for the past 21 years and accused Price of having tried to get his job for the past 20 years.

Smith also is veterans service officer for Potter County. He questioned the advisability of having the county veteran's service office located at Canyon.

"As you know, it is impossible for Mr. Price or anyone outside of the city limits of Amarillo to serve the veterans of Amarillo," Smith wrote.

One letter said there are about 10,000 veterans in Randall County and a total of about 30,000 in Potter and Randall (See SMITH, Page 3)

Harrison Quitting WT Post

A member of the West Texas State University faculty for the past 15 years, Dr. Lowell H. Harrison, has resigned, effective Aug. 31, President James P. Cornette announced Wednesday.

Professor and head of the history department and chairman of the Division of the Social Sciences, Dr. Harrison has accepted an invitation to become research professor of history at his alma mater, Western Kentucky University, in Bowling Green.

"The position will allow me to concentrate upon teaching and research, the facets of (See HARRISON, Page 2)

Tryouts Set For Saturday

The first in a series of four tryouts for "TEXAS" roles will be held Saturday at West Texas State University.

The tryouts, to be held in the WTSU Fine Arts Building, will be from 10 a.m. to 1 p.m. Saturday and at 2 p.m. Sunday.

The tryouts will be for actors and singers of university age and adults.

High school thespians, singers and left over adults will be auditioned Jan. 28.

Dancing auditions will be conducted at 2 o'clock the afternoon of Jan. 29 for high school students, university students and adults.

No children are to be auditioned at any of these dates, said William and Margaret Moore, directors of the amphitheatre production.

Those chosen for parts in the show will be available for rehearsals from June 1.

Nab Suspects In Burglary

Two West Texas State University students were placed under \$5,000 bond each Wednesday on a charge of burglary by breaking, a felony offense.

Jeter Wayne Montgomery, 18, who lists his address as 2632 Eldorado in Amarillo, and Harvey Comer Oliver, 20, who lists his address as 2310 West Degar in Midland, waived right of counsel and an examining trial before Randall County Justice of the Peace W. A. "Bill" Wilson.

The pair is being held in Randall County Jail in connection with the Sunday morning burglary of Western Auto here,

Law enforcement officers said the two had gone to Western Auto Tuesday afternoon and purchased a rifle case and some ammunition. Store Manager O. W. Parker, Jr. became suspicious and notified authorities.

Officers said they went to Conner Hall on the WTSU campus where they found some of the allegedly stolen merchandise in the boys' rooms.

Some of the rifles missing from Western Auto were discovered hidden in weeds in a field seven miles south of Canyon.

The rifles were all wrapped (See SUSPECTS, Page 2)

Clubs Aid MOD Drive

The "mother's march" for the March of Dimes Drive will be conducted in Canyon Monday, January 30, according to Francis Shell, county chairman.

A number of local women's clubs will participate in the march which begins at 7 p.m. with a joint meeting at the Pioneer Natural Gas Building.

Mrs. Don Max Vars and Mrs. Darrell Munsell are serving as co-ordinators for the march. Both represent the Canyon Study Club.

Additional assistance for the march is expected from the Woman's Book Club, the Sue Hite Club, the University Study Club, the chapters of Beta Sigma Phi sorority, the Canyon Jaycee-Ettes and the home demonstration clubs of the county.

Bandsmen Progress To Area

Nancy Green and Dana Reynard will participate Saturday, January 21, in area tryouts for all-state band at Lubbock.

Miss Green plays flute and Reynard plays trombone. Both are Canyon High School students and were selected to advance to the area tryouts at a regional meeting of bandsmen in Canyon recently.

Serving as alternates for the area tryouts from CHS will be Evelyn Hadley, first alternate on cornet, and Eddie Kiser, second alternate on snare drums.

MR. AND MRS. Meredith Warren are shown admiring the plaque Meredith was awarded as Canyon's outstanding citizen of the year. The award was given by the Canyon Chamber of Commerce at that organization's annual banquet Thursday night of last week.

Warren Named Canyon's Top

Meredith Warren was named Canyon's outstanding citizen for 1966 Thursday night of last week at the annual Chamber of Commerce banquet.

The honor was bestowed largely because of Warren's work with the community's youth.

Meredith was born in Coryell County in 1919. At an early age he moved to Canyon with his parents. The father, W.A. Warren, opened a retail store here.

Meredith attended West Texas State Demonstration School and was graduated from West Texas State High School. During his high school years

Married Teenager Wants Enrollment

Canyon School District faces court action over a policy of not allowing newlyweds to go to school the semester following marriage.

A. W. Lair, attorney for the school, told board members they probably would lose the case.

Mrs. Judy Anderson, 16, wants to enter Canyon Junior High School as a second semester ninth grader. She was married Dec. 28 to James Anderson, 21, freshman student at West Texas State University. The couple lives in Canyon.

Census Rolls Being Taken

School census for the Canyon Independent School District is underway according to Lawrence Brotherton, chairman.

The 1967 census will be taken throughout the remainder of January in a door-to-door survey conducted by off-duty letter carriers and school drivers. Purpose of the census is to estimate the need for teachers in the school system next fall.

The yearly census is the basis on which officials project their need for teachers in the school district. Census figures will register children between the ages of six and eighteen years and will also enumerate children under six years of age as a projection for future needs.

Placement of teachers begins in early April and Brotherton stressed the importance of having an accurate count of all school age children available at that time.

The couple was accompanied to the school board Tuesday night meeting by Mr. and Mrs. Howard Anderson, Amarillo, parents of the Anderson boy.

Mrs. Howard Anderson acted as spokesman.

Mrs. Anderson said she talked to School Supt. Huelyn Laycock and Junior High Principal Easton Wall and then went to an attorney, Walter Wolfram of Amarillo.

"Our lawyer told us that there isn't any legal way you can keep Judy from going to school," Mrs. Anderson told the board. "We have to settle it some way." Mrs. Anderson went on. "If it's in court, then it's in court."

Dr. Charles Nester, board member, explained that newlyweds could be a bad influence on other students. "That's the reason we have the policy," he declared.

"Well, we'll see you in 47th District Court," said Mrs. Anderson as she left the board chamber.

"This will be a pilot case," Lair told the board. "I'm afraid the courts will rule against you. My opinion is that the district or appellate courts would (See MARRIED, Page 3)

Girl Assaulted, Rapist Loose

An 18-year-old married college girl was raped at her home here about 9:05 o'clock Tuesday night.

The incident brought a warning from officers to Canyon residents to keep their doors and windows locked at night and to report any suspicious people.

The young woman had returned home after a night class at West Texas State University. She set her books and some groceries on a chair and turned to see a man crouched behind the front door.

"I looked at him and screamed," the girl reported. "Then he jumped out at me."

"He turned out the light and put his hand over my face," "Don't make any noise," said the intruder. "I'm not going to hurt you."

The victim said the man released his grip somewhat.

The girl said she told him to leave and nothing would be said about it.

"If you'll leave, I won't tell anyone," she begged. The man said he wasn't going to leave. The attacker then put a butcher knife to the girl's throat. The knife belongs to the victim.

Apparently the man knew the schedule of his victim. The girl warned him that her husband would be home shortly. He brushed this aside saying he knew the husband would not be home before 10 o'clock.

She said the man criminally assaulted her. A car drove by. The intruder rushed out a back door.

The girl called police and asked for Bill Wilson. Wilson just happened to be at the courthouse at the time the call came in.

The girl said officers were at her home "in two minutes."

Texas Cast At Parade

Several members of the "TEXAS" cast participated in Governor John Connolly's inaugural parade earlier this week in Austin.

Among those from West Texas State University in the parade were Royal Brantley, "TEXAS" musical conductor; Erin Wertenberger, technical director for the show; and Loris Clifford and Jim Holston, both cast members for the Panhandle Heritage Foundation production.

SHOWN HERE LOOKING over some documents of West Texas State Bank are David Levens, left, and Senator Grady Hazlewood. Levens is president of the new bank and Hazlewood is chairman of the board. They were named last Friday night when the bank held its first stockholder meeting since its charter was granted.

David Levens Is President

David Levens was named president of West Texas State Bank last Friday evening at the bank's first stockholder meeting held here.

Grady Hazlewood was elected chairman of the board and Dean House was elected vice president and cashier.

Named to the board were Hazlewood, Levens, House, Dr. J. Manly Bryan, Ed Harrell, Clarence Beckman, Milton Morris, Virgil Henson, Clay Cooper, H. R. Fulton, Jr., and

Murphy White.

Bank officials said about 80 percent of the bank's stock was represented at the meeting. The new bank is scheduled to open for business in mid-February.

Levens was born and reared at Roby. His father was a farmer there. He was graduated from Roby High School in 1952 and then attended Texas Tech and McMurry before going to Louisiana State University. He was graduated from LSU's Banking School of the South with a degree in banking.

"I started out in the bank at Roby," Levens declares.

He was with the bank at Earth in 1956 as assistant cashier and the following year helped to organize a bank at Plains. He served as vice president and cashier there until 1962.

Levens went to the Security National Bank in Roswell in 1962 and stayed there until coming to Canyon in 1965 to join an effort for a banking charter. When the charter was denied Levens moved to Midland where he was executive vice president of the First State Bank.

Mrs. Levens is a native of Abilene. The couple has one child, Angela, 2 years old. The family is making its home at (See DAVID, Page 2)

Some City Facilities Are Moved

Three City Hall departments were moved Saturday to 1410 Fourth Avenue due to insufficient room in existing quarters.

The departments moved to the building formerly occupied by E. H. Lindsey, attorney, are City Clerk, Police and Corporation Court. Also housed in the annex will be an office for (See SOME, Page 2)

City Grant Tops Hurdle

The first of three hurdles that will lead to a Planning Grant for the City of Canyon has been cleared.

Marvin Springer, urban planning consultant of Dallas, informed City Manager Gary Gwyn that the Department of Health in Austin had given their approval to the Grant that will cost a total of \$19,000.

The request for approval is now in the hands of the Department of Housing and Urban Development in Fort Worth. If the request is approved there, it will be submitted to HUD's Washington, D. C. office.

Cost to the city for Springer's services will be \$13,000. Cost of topographic mapping has been estimated to be \$6,000, for a total of \$19,000. (See CITY, Page 3)

Jaycee Boss Night Held

"Leadership training through participation in community development is the major purpose for Jaycee clubs across the nation and in several foreign lands," said Calvin Hornsby as he spoke to a "boss night" banquet for Canyon Jaycees and guests on Tuesday evening.

Hornsby, a past president for the Dumas Jaycees, has served as state director during which time he travelled in excess of 11,000 miles in furthering his beliefs in the civic club.

Hornsby alerted the local Jaycees to "look at the freedom's you now enjoy--and then step out and stand for what you believe in."

The address was made before approximately 40 persons following a steak banquet in the Gold Room of the east cafeteria at West Texas State University.

Canyon Jaycee president, Wayne Edmondson, gave the welcome and each local Jaycee introduced his guests for the event.

The invocation was given by Dr. Robert West and Delbert Turk introduced the speaker. The banquet was a highlight of the local observance of National Jaycee Week.

Membership Drive Set By FU Group

A membership drive was launched by the Canyon Farmer's Union at a meeting Tuesday evening in the Farm Bureau Building.

The FU hopes to double its present membership of 105. Directing the membership campaign is Gilbert Irbeek. Membership is available to those men who derive 60 percent of their income from farming. Organization dues are \$15 per year.

Plans were also discussed for a spring banquet to be held annually by the Farmer's Union, according to Bob Lindsey, president.

During the business meeting, it was reported that ten farmers from the county are needed to fly to Washington D. C. at their own expense to present statistical information to various subcommittees of the Department of Agriculture.

HERE'S A YOUNG man who never misses a Randall County Junior Livestock Show. He is Larry Hales, 6 years old, son of Mr. and Mrs. Jones Hales.

Stock Show Day Big For Hales

Saturday was a big day for the Richmond Hales family.

Rod, 9, showed the grand champion steer at the Randall County Junior Livestock Show. Brother Rick, 13, exhibited the reserve champion and sister, Rhonda, was a close third.

The livestock show got underway Friday and came to a close Saturday night with the annual livestock show sale.

The Hales youngsters exhib-

bited black Angus steers. The steers were bred on the Hales farm about 2 miles south of Canyon.

Parker Cattle Company purchased the grand champion at 70 cents per pound. The animal weighed 903 pounds.

The reserve champion was bought at 45 cents a pound by Taylor-Evans Farm Store and it weighed 937 pounds.

FROM THE

CANYON RIM

By Troy Martin

John Connally has been inaugurated for the third time as governor of Texas. Only two other men have held that office three consecutive terms. These two are Allen Shivers and Price Daniels who each served three terms in the governor's office.

I doubt that Connally will bow out of politics when his new term ends. It's pretty early to predict but I think there's a good chance that Connally might run against Ralph Yarborough for the US Senate in 1970 if he hasn't been called to bigger things by then.

I see by the papers Lyndon Johnson and Peter Hurd, New Mexico artist, had a tiff over a painting Hurd was commissioned to paint of the President. Johnson refused to accept it. I doubt that any artist could give Lyndon a patrician brow.

As happens so many times, Lyndon's dissatisfaction with the painting made it a collector's item. Hurd now will probably get a lot more cash for the picture than he would have gotten out of it if Lyndon had liked it.

Hurd has one picture in the museum here. Boone McClure, curator, said it is of a polo game at Fort Bliss. Hurd also has a mural at Texas Tech.

Darrell Royal and Bud Wilkinson are two great coaches who always seemed capable of drawing room deportment even when their teams were losing. Wilkinson coached at Oklahoma and Royal, who played under Wilkinson, is now head coach at Texas.

The job of veterans service officer for Randall County has created a big stir. I don't know why folks have gotten so excited.

I never have seen the sense in having a county veterans service officer. People at the veterans administration offices across the country are supposed to help veterans and their widows and orphans in filing claims.

If we have to have a county veterans service officer to get the veterans administration to do what it should do, then what's to keep us from needing county precinct veterans officers to get the county veterans service officer to get the veterans administration to do what it is supposed to do ad infinitum?

I have just heard that Don Waldrip, relative of several Canyon people, has been promoted to assistant superintendent of Spokane, Wash., public school system.

Waldrip has been serving as head of the school's testing and research department. Mrs. Waldrip is the former Celie Slack and is a niece of Mrs. Herschel Coffee and Mrs. Sarah Thompson.

I hear that Sears & Roebuck is not sending out catalogs to just anyone. It is my understanding that you have to make a purchase to qualify for a wish book.

Peggy Smallwood says her husband, Dr. Charles Smallwood, went to Rice. He worked as a laborer on the library building at that institution one summer.

Chewing tobacco is a returning fad. I noticed several men and boys with big cuds at the stock show.

I chewed tobacco once. It was while I was a sophomore in high school. J. B. Neutzwärner, who later became a banker, was superintendent of schools at Morton and J. B. was tough as a boot.

We students trembled in his presence if we had been involved in any wrongdoing in recent weeks. He had a thick leather strap in his office which he wielded with glee on the backside of all offenders.

I was supposed to be participating in a loosely supervised physical education class one day when J. B. caught me, jaw bulging, in the boys room.

I wasn't used to the stuff so I had expectorate now and then. When J. B. walked up expectoration was out of the question.

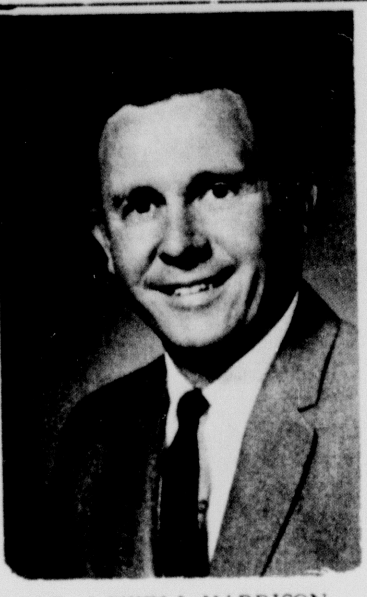

But I didn't panic. I stood there while the superintendent talked and I absorbed nicotine. When I had turned a sufficient hue of green to suit him, J. B. demanded, "Give me a chew of that stuff."

I complied and he took about half my plug. He walked out without another word or backward look.

I haven't had any interest in chewing tobacco since.

Temps Dip To 9 Mark

Temperatures in Canyon dipped to a chilling 9 degree mark Wednesday morning, January 18, for a low of the week. High for the week was 65 degrees which was recorded on Monday according to Dr. M. B. Measmer, head of the geography department at West Texas State University, who compiles local weather records.

Dr. Harrison grew up in Bowling Green and was graduated from Western Kentucky's high school. He earned his A.B. degree at Western Kentucky State College before going to New York University to earn his M.A. and Ph.D. degrees. His parents live in Bowling Green.

First recipient of the Faculty Excellence Award of \$1,000 established at WTSU in 1964, Dr. Harrison was one of ten outstanding professors in the state to be named in 1966 a Minnie Stevens Piper Professor.

An instructor in history and assistant to the dean at NYU's Washington Square College for three years, Dr. Harrison joined the WTSU faculty in 1952 after a year's study at the London School of Economics as a Fulbright Scholar.

He was associate professor of government and history for three years and became associate professor of history in 1955. He became professor and department head in 1957 and chairman of the Division of the Social Sciences in 1961.

Author of more than 50 historical articles and a book on John Breckenridge, one of Kentucky's most famous statesmen, Dr. Harrison is co-editor of the Panhandle-Plains Historical Society's Review. He is a member of such organizations as the Mississippi Valley Historical Society, Southern Historical Society, and Organization of American Historians.

A vice president of the Texas Council for the Social Studies, he has served as president of the Panhandle Council for the Social Studies.

One of the organizers of the Conference of College History Teachers for the Panhandle area, Dr. Harrison has appeared as speaker for area and state history and school meetings.

A former member of the Canyon Rotary Club, Dr. Harrison is a director for the First National Bank in Canyon.

sters belong to the Cleta 4-H Club.

Red will be showing his animal at the Amarillo stock show next week. He says he doesn't know what he'll be doing with the money his fine Angus brought.

Rick is a little more definite. "I'm going to invest some of it in another steer to show next year and put the rest of the money in the bank," he declared.

Rick is in the eighth grade this year and hopes to go into vocational agriculture next school term.

Rhonda says she'll put her money in the bank.

Two Happy FFA boys swept top honors in the swine show. Wicky Culp exhibited the grand champion pig -- a lightweight Hampshire. Wicky has shown many times in the Canyon show.

Neal McCarley showed his heavyweight Hampshire to a first place and then to reserve champion of the show.

The grand champion swine was purchased by Consumers Fuel Association at 80 cents a pound. It weighed 182 pounds.

Connie Brazzil showed the top Southdown sheep and then sold to American National Bank of Amarillo for \$1 a pound.

Gary Hester's champion crossbred brought him \$1 a pound and it was purchased by Imperial Chevrolet of Canyon.

This was Connie's fourth year to show sheep in the Randall County show. Last year she exhibited a crossbred champion. Connie is a 4-H girl.

Hester is a 4-H Club boy. He lives in the northeast portion of the county.

Neidra Turpin was winner of the lamb showmanship award. Other awards for showmanship were presented to Troy Bunn, novice award; Linda Hales, dairy heifers; Joe Watkins, horses; Mike Dudenhoef, beef heifer; Art Foster, swine; and Bob Gruner, steer. Teddy Walker was winner of the Farmer Schaeffer award.

R. B. Gist, Jr., is president of the association this year and Ben Abbott served as superintendent.

Weather was favorable during most of the show, except for late Friday afternoon when the wind became a little cold.

Sale receipts for the show came to approximately \$11,198.62. "The sale was fine considering everything," declared County Agent John Brazzil.

Abbott said there were 68 swine, 14 sheep, 20 steers, 10 dairy heifers, 6 beef heifers and 26 horses in the show.

Meredith is a well known breeder of registered Hereford cattle. He has helped the Future Farmers and 4-H Club boys of the community by furnishing feeder calves for their projects.

He has also helped them with grooming and clipping and in other preparations for showing their calves. He has been an enthusiastic supporter of the Randall County Junior Livestock show since it began.

He has worked closely with the agriculture department at West Texas State in establishment of a foundation here of Herefords for the school. He has also assisted WT livestock judging teams.

The Warrens have two children, Randy, a pre-med student at WT, and Penny, who is a junior at Canyon High School.

Presentation of the citizen's award was made by Richard Pruett, retiring Chamber president.

Speaker for the evening was Bob Murphey, Nacagdoches attorney.

Master of ceremonies was Jerry LaGrone. Invocation was by Strauss Atkinson. The speaker was introduced by Dr. James P. Cornette, president of West Texas State.

Burwell Southern, new Chamber president introduced Chamber directors and officers.

CJH Cagers Doing Well

Canyon Junior High School hosted an invitational basketball tournament last week, and did well enough that most of the trophies stayed home.

Canyon entered two teams in each of the three divisions, and grabbed two championships, two second places, and one consolation prize.

The CJHS Ninth Grade 'A' team romped to a 54-27 victory over Dumas for the championship in that division. The Ninth Grade 'B' team lost in the first round.

In the Eighth Grade competition, the Canyon 'Whites' reached the finals before bowing to Dumas 31-16. The Canyon 'Purples' nabbed consolation honors by winning a tight-rope walk with Amarillo River Road 13-11.

Both Canyon teams reached the finals in the Seventh Grade action, where the 'Purples' drubbed the 'Whites' 31-12.

nie Kent, a cast member with "Thundering Sounds of The West"; and Martha Low, daughter of Dr. and Mrs. Edwin Low of Canyon, were float members.

"Texas Forever", the show's overture, was sung by some members of the cast, while others passed through the audience distributing copies of the song.

Mrs. Harper said several members of the Round-Up Club of Amarillo had driven to Austin earlier with the float. The float is owned by the Amarillo Chamber of Commerce.

While in Austin the students were entertained at a reception by the Women's Democratic Committee of Texas, headed by Claudia Brummett of Amarillo.

They were also guests of L. Pete Gilvin of Amarillo, first vice president of the Foundation, at the Governor's Inaugural Ball.

Overall theme of the parade was "Texas Fiestas".

Charges Filed After Mishap

A Hobbs N. M. man pled not guilty Monday to a charge of driving while intoxicated.

James Robert Callarman, 19, of 1314 Princess Jenny in Hobbs, entered the plea before Randall County Judge Lloyd King, who set bond at \$500.

Callarman was arrested by Canyon Police about 3 a.m. Sunday following a one-car accident in which a 1966 model vehicle he was reported to have been driving overturned on US Highway 60 near Hunsley Hills. The car was a total loss.

Married. . .

Lair said there is law basis for excluding a married student from participating in extra curricular activities at school but no basis excluding such a student from school.

"If our policy is not worth defending then it's not worth having," said J. O. Parker, board member.

"Well, if I knew I was going to get whipped I'd rather just shake hands and walk off friends," Lair declared.

Not included in the figure is \$920 for technical supervision and audit and \$650 in administrative costs.

As Canyon is considered to be an integral part of the Amarillo labor market, HUD recently advised Springer that Canyon is eligible for three-fourths planning assistance from the Federal government.

The planning grant assistance will come, Gwyn said, because Canyon is considered a Federally Impacted Area, due to decreasing employment resulting from the phase out of Amarillo Air Force Base.

The program would include plans for economic and population base studies mapping, land use survey, thoroughfare, community facilities, zoning, administration and capital improvements programming reports.

Gwyn said he did not know when word would be received from HUD on the grant request.

Counties combined.

Another letter came from Cleo Clayton, Jr., Amarillo attorney and junior vice commander of the state Veterans of Foreign Wars.

"This letter is written on the basis that political expediency in Randall County should be given no preference over the efficiency of veterans service work on an equitable basis," Clayton wrote.

"It is respectfully urged that if the commissioners see fit to continue with the change in veterans service personnel, that Mr. Price be offered on a full time basis in Randall County South Amarillo Annex, with sufficient stenographical assistance, in order to be available to those veterans in Randall County, Texas living in South Amarillo," Clayton wrote.

He further suggested that Roland Black be retained to take care of the veterans case load in Canyon.

In other business, commissioners heard a report from Mrs. T. B. McCarter on a recent convention in Fort Worth of the State Historical Survey Committee which she attended.

The court approved a depository bond of \$12,000 with First National Bank of Canyon for Common School District Number 11 which is Umbarger School.

This is the first payment on \$10,662.06 which is Randall County's share for the 47th Judicial District adult probation

department for 1967. Last year the total bill was \$10,432.58.

Criminal District Attorney George Dowlen told the court that it is doubtful that a juvenile probation officer can also serve as adult misdemeanor probation officer.

Judge King said there are 48 juvenile probation cases being handled in Randall County now. There are 26 persons on adult misdemeanor probation.

Meade Michael appeared before the court seeking the job as juvenile probation officer. No action on hiring was taken. Applications of several other persons were read.

The court instructed Judge King to contact Potter County officials and determine whether a joint juvenile officer for the two counties might not be feasible.

Juvenile probation presently is being handled by the sheriff's department.

Commissioners voted to take whatever steps necessary to collect delinquent county taxes.

The amount involved is \$5,732.07.

Commissioners authorized the advertising for bids on a new typewriter for the county clerk's office.

The court was told that District Judge Gene Jordan has re-appointed Betty Hodges as county auditor and has fixed her salary at \$5,400.

Members of the court appointed several county citizens to the Potter-Randall County citizens committee.

but enrollment continues to grow.

Actual enrollment for January of this year is 2443 while enrollment had been projected at 2600. Enrollment is projected to go over the 3000 mark during the 1968-69 school year.

Tax Collector Conway Kuykendall told the board that 79.95 percent of current school taxes had been collected through Monday. This compares to 87.5 percent on the same date last year.

However, he pointed out that the school district has taken in \$31,000 more actual cash than on the same date last year because of higher valuations.

Members of the board and Lair discussed means to be used in collecting delinquent taxes. Some suits may be filed.

School lunch program also was discussed. School lunches now cost 30 cents for the first three grades and 35 cents for others.

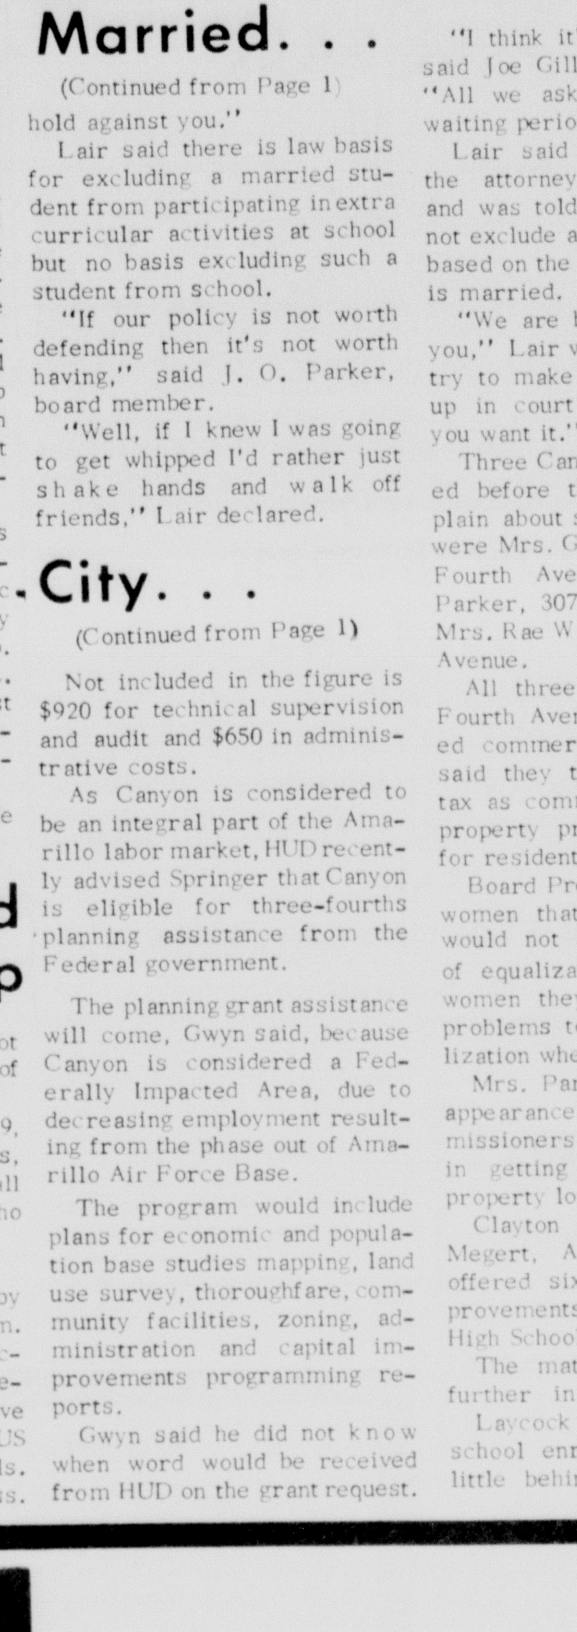

"I don't think there is any doubt that we will have to go up on lunches," said Laycock. "We're trying to hold out as long as we can."

The board agreed to allow Tom Lair to participate in school insurance. Prerequisites to participation is that the agent be a full-time insurance man and have his taxes paid up to date.

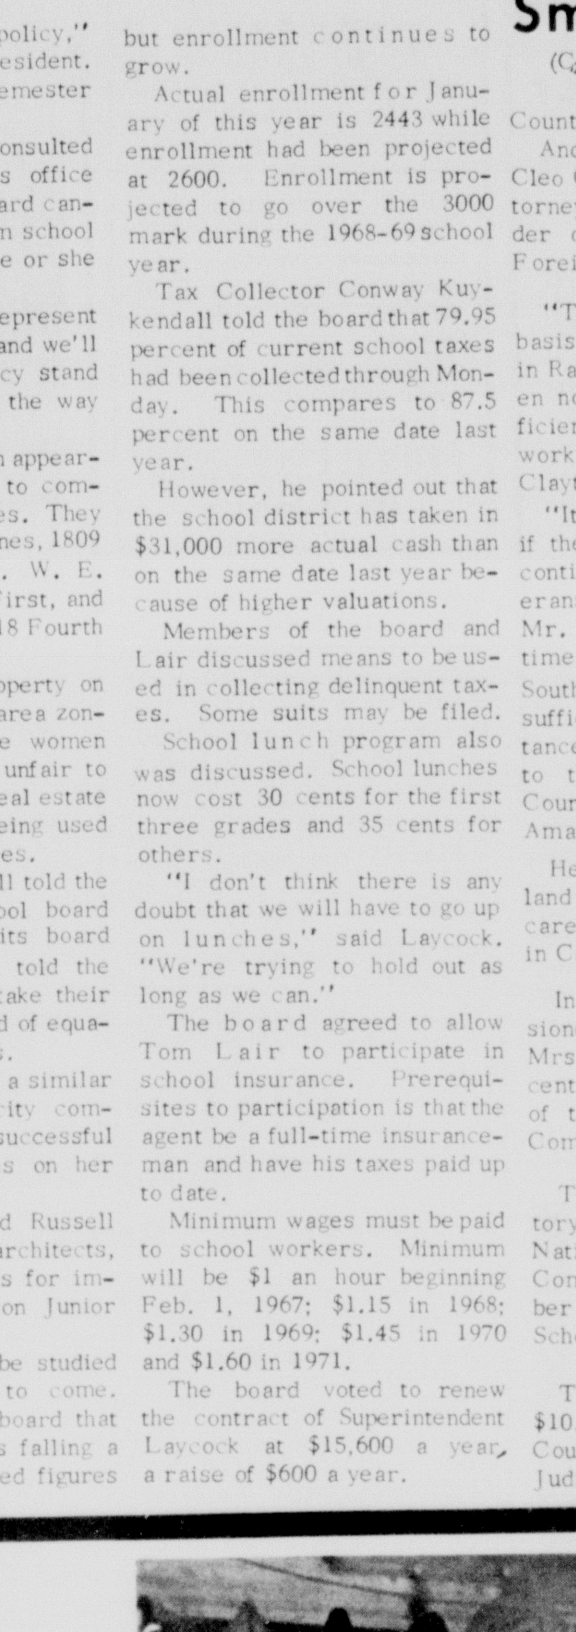

Minimum wages must be paid to school workers. Minimum will be \$1 an hour beginning Feb. 1, 1967; \$1.15 in 1968; \$1.30 in 1969; \$1.45 in 1970 and \$1.60 in 1971.

The board voted to renew the contract of Superintendent Laycock at \$15,600 a year, a raise of \$600 a year.

Parade Of Champions

SHOWMANSHIP AWARD winners are shown here with their trophies. From left in the front row are Neidra Turpin, lamb showmanship; Troy Bunn, novice award; and Linda Hales, dairy heifer showmanship award. In the back row are Joe Watkins, horses; Mike Dudenhofer, beef heifer; Art Foster, swine; and Bob Gruner, steer. Teddy Walker, not pictured, received the Farmer Schaeffer award.

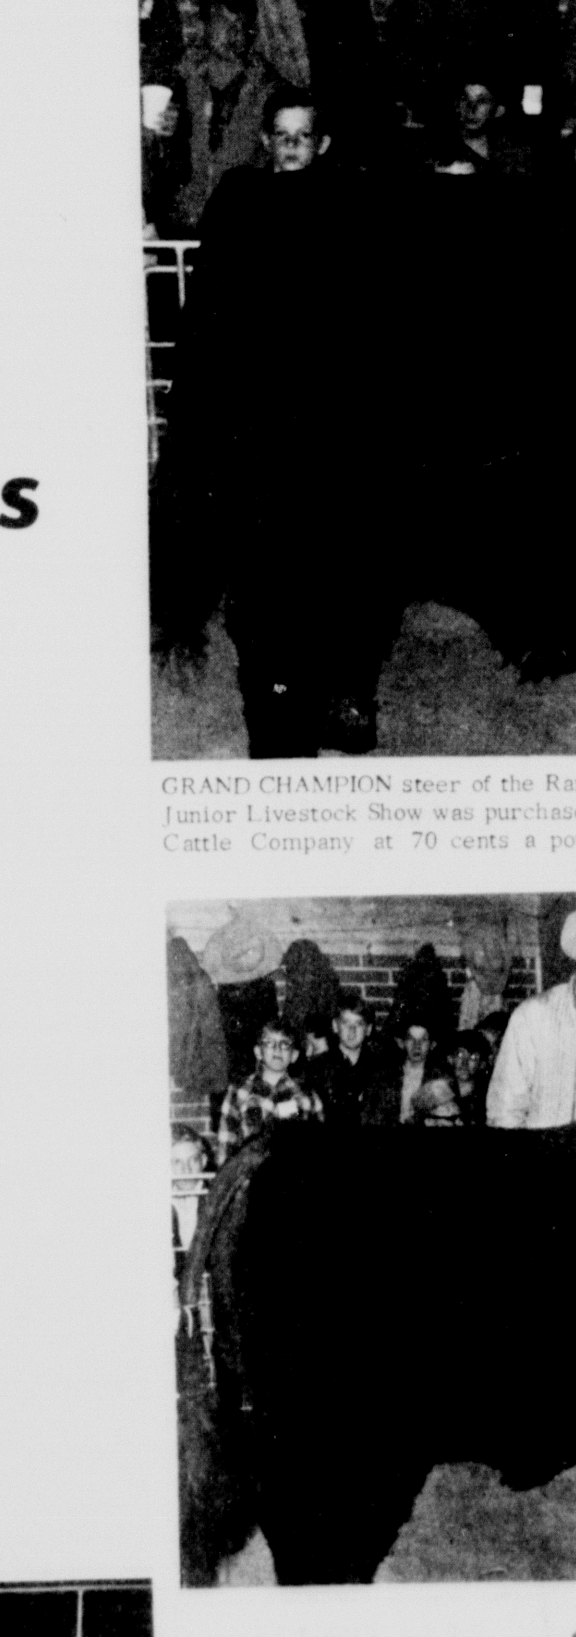

IMPERIAL CHEVROLET Company purchased this prize crossbred lamb at \$1 a pound. The lamb was shown by Gary Hester.

WICKY CULP, Happy FFA boy, is shown here with his grand champion swine. Consumers Fuel Association & Elevator purchased the pig at 80 cents a pound.

CONNIE BRAZZIL poses proudly with her champion Southdown lamb. The lamb was purchased by American National Bank of Amarillo at \$1 a pound.

TAYLOR-EVANS FARM Store purchased the reserve champion swine of the Randall County Junior Livestock Show at 50 cents a pound. Neal McCauley, Happy FFA boy, showed the animal.

BUYER AND EXHIBITOR are shown here with the reserve champion steer of Randall County Junior Livestock Show. The buyer is Jack Ziegler of Taylor-Evans Farm Store and the animal was shown by Rick Hales. The reserve champ brought 45 cents a pound.

GRAND CHAMPION steer of the Randall County Junior Livestock Show was purchased by Parker Cattle Company at 70 cents a pound. Shown here with the prize animal are J. O. Parker, owner of the cattle company, and Rod Hales who showed the steer to the championship.

Members of the court appointed several county citizens to the Potter-Randall County citizens committee.

Tough Teams Face Eagles

Canyon High School encounters serious district competition this week in both boys and girls clashes.

Friday night the boys will travel to meet the Dumas Demons, while the girls hit the road to take on a non-district foe in Panhandle. 'B' team games are also scheduled for each site. The Panhandle games start at 6 p.m., and Dumas games at 6:15.

One of the most important games of the year for both the Eagle boys and girls will come Tuesday night at CHS Gymnasium when the Hornets and Hornettes of Tulla come to town. Both Tulla teams are expected to be Canyon's most serious threats to winning district championships this year.

Six-foot playmaking guard Bill Dawson and 6-5 postman Oran Watson are key figures in Coach Don Nentwig's Hornet attack.

The Hornets boast one of the best girls to ever play basketball in Texas in Freida Rousseau, for whom forty points in a single game is a common experience.

The Canyon - Tulla doubleheader in Canyon last year drew by far the largest home crowd of the season, and proved to be one of the most exciting games as well.

A 'B' team boys game is scheduled at 5 p.m., with the girls slated immediately after. The varsity boys will conclude the affair.

Bufs Face Tough Schedule

News Briefs

One of the nation's toughest schedules continues for the West Texas State Buffaloes, now 1-8, as the Buffs face rugged teams from Oklahoma City and New Mexico State in the coming week.

The OCU Chiefs, who sport the nation's fifth-ranked scorer in 6-1 guard Gary Gray, will invade Buffalo Fieldhouse at 8 p.m. Friday night.

Gray, a full-blooded Indian, is averaging 26.3 points a game --only 2.4 points off the pace of UCLA's celebrated Lew Alcindor. Gray's backcourt mate, soph Rich Travis, is averaging 20.0 points a game.

The Chiefs will go at center with 6-8 Houston Thomas, a transfer from Cameron Junior College's national runner-ups last year. Forwards are Henry Koper, a former high school All-American, and Art Yancy. The 7-7 Oklahoma City club has met one Buff foe to date. The Chiefs blasted Centenary 120-79, while the same team

dropped WT 76-68. The Chiefs are averaging 88.5 points a game, and are 13th in the nation in team scoring.

New Mexico State's Aggies take on West Texas Monday at 8 p.m. in Buffalo Fieldhouse. The Aggies are one of only two teams the Buffs will see this season that had a losing record last year. That was last year, however, and things have improved this year. NMSU has already knocked off the nation's number two team, the University of New Mexico.

Aggies to keep an eye on are 6-1 guard John Gambill, 6-5 forward Wes Morehead, and 6-9 Craig Leggett.

An indication of just how murderous the West Texas State schedule is this season is reflected in the combined record this year's opponents posted last season. The winning percentage of the combined records of all regularly scheduled collegiate foes (excluding the Golden Spike Tournament and the Phil-

lips 66ers tilt) comes out an unmerciful 66.0%. It goes without saying that some of the best basketball teams in the United States will be here in Canyon this season, and West Texas State fans have an opportunity to see some of the best basketball played anywhere.

West Texas has three men averaging in double figures with their scoring: Mickey Fitts (18.6), Mike Mitchell (16.9), and Jerry Cooper (11.9). Both Mitchell and Cooper are soph. In fact, over half of the entire WT team is made up of sophomores.

The Buffs are ranked 13th in the nation in team free throw accuracy, hitting charity tosses at a rate of 74.6%.

A COMMUNITY WORKSHOP on the effects of legislation on taxpayers and the Canyon Independent School District is slated for February 6.

Sponsored by the Rex Reeves Parent-Teacher Association, the first workshop will feature Dr. Emmitt Smith, who will explain functions and purpose for the Panhandle Educational Services Organization which he serves as director.

ARMY PRIVATE Ray B. Calvert, 23, has completed nine weeks of advanced infantry training at Fort Polk, Louisiana.

Calvert, son of Mrs. Viola Calvert of Flomot, spent his last week of training in guerrilla warfare exercises. Calvert's wife, Wanda, lives in Canyon.

Canyon Cagers Trip Hereford

Both the Canyon Eagles varsity and "B" teams won their basketball tilts with Hereford's Whiteface squad Tuesday.

The varsity squeezed by Hereford by a score of 57 to 54, while the "B" team gained an easy 57 to 43 victory.

The varsity game was virtually "nip and tuck" all the way with the Whiteface squad leading the Eagles 42 to 41 at the end of the third period of play.

Joe Moore was high point man for the Eagles with 19 markers, with Mike Barnes and Ricky Widick both sinking 13.

The most the Eagles led the Hereford aggregation was by seven points, said Coach Tom Buchanan.

Buchanan gave special recognition to Galen Davis, an Eagle guard, who was called into action in the third quarter.

Davis scored eight points and "did an outstanding job on de-

fense," Buchanan noted.

He said the offense played well, but the defensive side and the rebounding was not as good as it should have been.

Eagle "B" Coach Wayne Turley said his group played their finest defensive game of the season.

Scores by quarters for Canyon were 6, 22, 36 and 57, and for Hereford, 6, 15, 24, and 43. "Generally," said Turley, "our offense was off. We could run it but we couldn't hit it."

Lou Conner, Eagle guard, scored the most points of the game with 30 markers.

Special recognition by Turley was given to Dennis Pearson, who was "outstanding in both offense and defense." Pearson also pulled down some eight rebounds for the Eagles.

The Eagle squads will leave for Dumas Friday for clashes that begin at 6:15 p.m.

Your passport to the world

Your telephone can carry your voice to almost any corner of the globe at the speed of light. Pretty amazing when you stop to think about it. Fact is, you can reach 97 percent of the telephones in the world by Long Distance. And closer to home, you can call more people and more places in Texas than ever before. That's just one way your telephone service has grown in value over the years.

Another way is in transmission quality. Today's phone users can talk as though they were four feet apart. Back in the early 1930's, it was 35 feet. And the low cost of telephone service makes it a real bargain. Today you can make a three-minute, station-to-station call to any point in the continental United States (except Alaska) for \$1 or less after 8 p.m. or all day Sunday. Better service to more places at lower cost. We think that's a winning combination.

Clubwomen Take Survey Of County's Fine Arts

In developing an atmosphere of cooperation between interested groups for the mutual benefit of the people of Texas.

The National Foundation for the Arts and Humanities has provided a grant of \$25,000 for the commission's work. A similar grant has been made to other states. The legislation which established the state commissions provides that "no state funds shall be used" but permits the various commissions to accept donations for its operation.

In securing the aid of the 26,000 clubwomen in the TFWC, John Ben Shepherd, chairman of the commission, said that he felt assured of a first class survey, since TFWC stresses the encouragement of fine arts.

The Fine Arts Commission is dedicated to a program of cooperation and assistance to those individuals and groups who have kept the spirit of progress in fine arts alive in Texas. It is not designed to replace any other organization, nor will its program conflict with that of another group. It was organized to utilize the resources and prestige of the state

Mrs. Guy Crawford, president of the Top of Texas District of the Texas Federation of Women's Clubs, is coordinator for the area which in-

cludes some 20 counties. Completed questionnaires are to be sent to Mrs. Crawford by January 25.

The survey will include not only fine arts facilities which are available, but also organizations which are primarily concerned with music, painting, writing, and other fine arts. The statewide survey is designed to catalogue artists, authors and craftsmen and to locate and identify public and private works of art and collections.

DANGEROUS DOLL is studied by Canyon Fire Department Capt. Joe Rice. The doll, purchased at the Tri-State Fair in Amarillo by a Canyon woman, is highly flammable.

FD Warns Against Inflammable Doll

A small, highly inflammable doll was given to Canyon Fire Department Capt. Joe Rice recently by a Canyon resident who thought the toy might be dangerous.

"The woman had purchased the doll at the Tri-State Fair in Amarillo for \$2 during September for a child's Christmas present," Rice said.

The doll's face, that is said to be the most flammable portion of the toy, is made of nitro cellulose, a material that has a "flash point" of 55 degrees, Rice continued.

"I want to strongly emphasize that anyone who even thinks they have such a doll to bring it by the Fire Station and let us check it out to make sure it's safe," he stated.

"Nitro cellulose is the same material from which motion picture film was made several years ago--that's why they had so many movie house fires," Rice declared.

After he received the doll, Rice tested a part of its face

Mrs. Harper Reports On Meet

The development and use of man-made tourist attractions was the topic for discussion at a recent conference attended by Mrs. Margaret Harper.

Mrs. Harper, who is president of the Panhandle Heritage Foundation, sponsors of "TEXAS", was at the Colorado City conference as a representative of the Greater Highway Association.

The conference, sponsored by the West Texas Chamber of Commerce, was attended by some 300 people interested in tourism, she said.

Mrs. Harper spoke to a group of 150 on the amphitheatre production as part of a panel discussion entitled "How To Develop Man-Made and Other Tourist Attractions".

"We also had our carousel of 'TEXAS' color slides on display for the visitors," she continued.

There were discussions, she said, on how the State Highway Department and Texas Tourist Information division had helped promote tourist attractions.

"Many people there were familiar with our show in Palo Duro Canyon State Park," she said, "and some of them asked why we were going to allow the canyon to be covered with water from a dam—I told them the amphitheatre."

Visiting with Mr. and Mrs. T.B. McCarter recently were Mr. and Mrs. G.B. McCarter and children, Kerry Owen, Thomas, and Sherrie-Lynn from New York and Mrs. Maurice Berry of Colorado Springs, Colorado.

Also attending the funeral from Canyon were nephews, Jim Hill and Mr. and Mrs. George Stevens and Ronnie.

BLAINE HUFNAGLE, seated, outlines plans for the coming year with fellow officers in the Randall County Sheriff's Posse. Hufnagle is president. Other officers, left to right, are Jimmy Plain, vice president; R.B. Allen, secretary; J.V. Moore, treasurer; A.P. Sanford, parade marshal; and Jimmy Morrison, director of deputies.

THE NATIONAL JAYCEE STORY:

The world's young men's civic organization began because young Henry Giessenbier, in St. Louis, Mo., felt that young men should not have to wait until middle age to participate in civic affairs.

Giessenbier was struck by the thought young men should be organized for the purpose of performing civic service and developing leadership in themselves. He called a meeting of interested young men and 32 responded.

By 1916 the work of the new organization had attracted attention of many others. The Jaycees had promoted projects aimed at securing greater participation in government, a better relationship among agriculture, industry, and labor, less juvenile delinquency and a host of other activities.

Word about their activities spread and inquiries began to pour in from all parts of the United States. In 1919 Giessenbier sent a call to all known groups asking them to St. Louis to form a national organization. Twenty-four cities responded and on Jan. 21, 1920, the United States Jaycees came into existence.

The Jaycees have grown until the present membership exceeds 200,000 in 2,500 local clubs.

WT Would Beef UP Faculty

West Texas State University will be seeking a large number of new faculty members who hold the earned doctorate degrees for the fall semester, according to President James P. Cornette.

As many as 40 persons with the doctorate degree may be employed to boost the instructional faculty in the 1967-68 university session.

The university's vice presidents, deans, and department chairmen were authorized to hire the additional personnel after a study of appropriations for the next university session. Dr. Cornette said the increase of highly qualified teachers will require almost a half million dollars additionally.

"We have 184 fulltime faculty members this year, excluding graduate students who are teaching," Dr. Cornette said. "We have 57 faculty members with earned doctorates, which is a good percentage of the total faculty."

The additional doctorates will further strengthen the faculty, and Dr. Cornette said that WTSU will be able to pay competitive salaries. Recruiting for the additional faculty has already begun, Dr. Cornette said.

Rick Bacon Top Player

Ricky Bacon is having an excellent year for the West Texas State Freshmen, and his outstanding performance against Lubbock Christian College has earned him a Player of the Week from the Canyon News.

The former Canyon High star scored 25 points and grabbed 18 rebounds as the Stompers rebounded a previous loss to LCC by winning 87-76.

Bacon is currently averaging 18.5 points and 15.8 rebounds a game for the 4-4 Stompers. He also has the highest shooting accuracy of any starter with a sharp 56.7%.

The 6-7 Bacon was a two-year letterman at Canyon High School, and led the Eagles to the district championship last year.

"Ricky's improved tremendously on his defense this year," acknowledged Stomper Coach Gail Simpson. "Offensively, his best shot is probably his turn-around jumper, but more important is the fact that he's learned to take the right shot."

Bacon riddled Clarendon with 31 points for his highest scoring output this season, but he has consistently hurt teams with his strong rebounding.

A biology major at West Texas State, Bacon was named "Mr. Basketball" his senior year at Canyon High.

Eagles Sweep Mule Clashes

Canyon High's boys and girls teams both kept perfect district records intact by taking narrow, hard-fought wins at the expense of Muleshoe Friday night in Canyon.

The Eagle boys opened their second district game blazing hot, as they jumped to an 8-0 lead before the Mules could get on the scoreboard.

Muleshoe fought back from a 14-4 first quarter deficit to trail only 24-20 at the half, and the rest of the game saw the margin of difference change very little.

Mike Barnes canned 21 points and picked off 10 rebounds to pace the Eagle win.

The Eagle girls, ahead 28-23 at their halftime break, had real trouble from Muleshoe in the final two quarters, but pulled away from the threat without ever giving up the lead.

Canyon had excellent scoring from two forwards, as Susan Swartzell tossed in 17 points and Pam Sternenberg hit 16.

Carolyn Wiek led the rebounders with seven.

A key figure in putting out the late Muleshoe rally was Marilyn Wiek, who intercepted three passes when Muleshoe seemed dangerously close to catching the Eagles.

The Canyon 'B' boys picked up 16 points from Lon Conner in blasting their Muleshoe counterparts 58-42.

Cougars Bite WT Cage Team

The University of Houston Cougars roared to a 103-72 victory over the game West Texas State Buffaloes before a capacity crowd Saturday night in Houston, to win their 32nd straight home game.

Jaycee-Ettes Given Award

Happy Jaycee - Etties were awarded a certificate of merit recently for their participation in the Muscular Dystrophy Drive.

The women's civic club netted \$403.63 for the drive which was turned in at a MD association meeting recently. The presentation was made by Sherman Cox of Happy.

Attending the MDA meeting were Mesdames Della Venhaus, Mary Henry, Joy Freeman, Traverne Vermeire, Gay Fellers and Judy Shipman.

The Cougars, the fourth-ranked team in the nation, utilized the exceptional play of their 6-9 center and All-American prospect, Elvin Fitts, to lead almost the entire game.

Mickey Fitts turned in an amazing performance for West Texas State, leading the Buffs in both scoring and rebounds. Many sports writers covering the game called Fitts the best player on the court.

Fitts displayed moves that most people haven't even thought of as he stunned the giant Cougars for 21 points. On one occasion Mickey flipped a long backward fall-away hook shot that popped the net. Fitts drew roars from the crowd when he drove right between Hayes and 6-8 Ken Spain and tossed in an amazing underhand lay-up.

With almost opposite records--Houston is 14-1 and the Buffs are 1-8--the difference in the game was simply the Cougars' fantastic shooting accuracy.

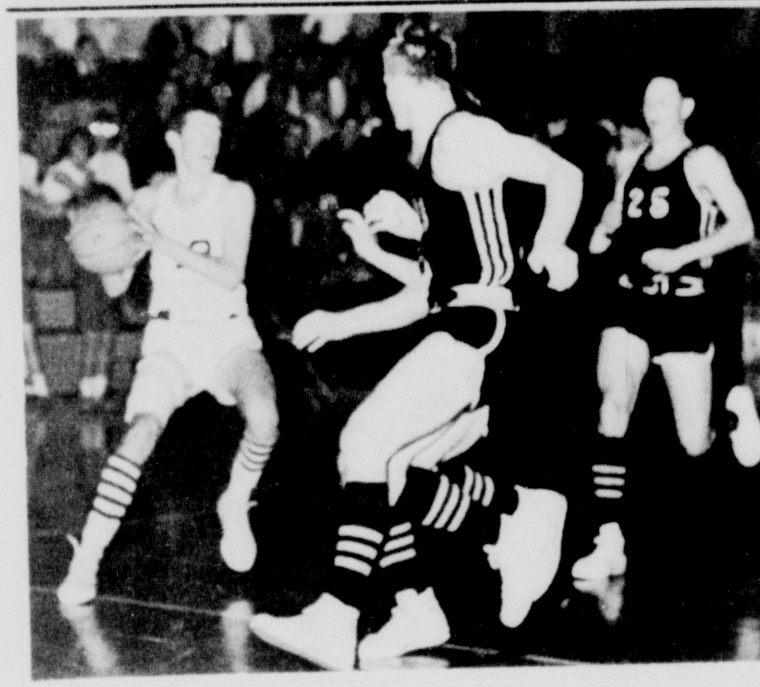

Radio announcer Harry Callis, who broadcasts all the Cougar games, declared, "This is the hottest that I've seen Houston all year." The UH quintet hit 60.5% from the field in the first half alone. Melvin Bell scored 17 points and Don Chaney 16 to support Hayes, as five Cougars scored in double figures.

Being tall can't hurt either, and Houston proved this very effectively by clearing the boards for a 67-37 rebound advantage. Melvin, Elvin, and Ken Spain alone had 40 rebounds between them.

Houston led at the half 58-39.

West Texas scoring was done by Fitts (21), Jerry Cooper (13), David Nowlin (13), Gary Sikes (10), Mike Mitchell (5), Rod Teague (4), Derrith Welch (4), and Dale Morris (2), as four of the Buffs hit in double figures.

Fitts snatched 14 rebounds, and soph Derrith Welch came on in the second half to play a fine defensive game and collect seven caroms. Other WT rebounders were Sikes (5), Cooper (4), Mitchell (4), Nowlin (2), and Teague (1).

CUT OFF on a fast break, Canyon's Ricky Wiedick passes off to a teammate in the 49-42 Eagle victory over Muleshoe Friday night.

Bowler of the week honors went to Barbara Hale who rolled a fine 659 series and Larry Pitt who put together a fine series of 619.

Each weekly bowler received a trophy and qualifies for the upcoming bowler's tournament when the champions will be named Bowlers of the Year. The tourney will be held in April.

The 3-6-9 Ragtime Doubles will continue until January 30.

In the event, Burl Jones and Hal Brown have moved into first place with a 1591 double's score.

Burl rolled a 791 series while Brown had an 800 series. Also in the event, Charlie Owens has rolled a 300 game.

Clovis Cagers Too Much For Eagle Teams

Powerful Clovis swept a double-header from the 'A' and 'B' boys of Canyon High School Saturday night in CHS Gym.

The varsity boys were shel- led 74-52 despite a 24-point outburst by Mike Barnes.

Sparked by Dan Shelly's 29 points, Clovis led all the way with quarter leads of 19-10, 34-18, 51-35, and 74-52.

Joining Barnes in the scoring were Joe Moore (16), Galen Davis (7), and Jack Swartzell (5), as only four Eagles got in on the scoring act.

The Eagle 'B' team had no better luck as they were de- feated 78-44. Canyon trailed at the quarter breaks in that game 17-9, 33-22, 54-29, and 78-44.

Lon Conner was the high scorer for Canyon with 10 points.
